Enriching the Lives of Children,
one Step at a Time...

ANNAPOLIS, MD

LEARN MORE ABOUT OUR WEBBY DANCE PROGRAMS!

DEAR DIRECTOR

WEBBY Dance Company® provides classes that offer a multitude of benefits to the growing child. These benefits include Physical Development (body control, spatial awareness, balance, coordination, & strength), Social & Emotional Development (problem solving tasks, sensory awareness, & cooperative learning), Critical Thinking Skills (discovering there can be more than one solution to a problem or task), & the Mind-Body Connection (research shows movement/exercise spark the growth of new brain cells & facilitate learning). Our classes are proven to provide Curricular Enrichment allowing for lessons to include all learning domains – physical, social, emotional and cognitive. At WEBBY Dance Company®, enriching the lives of children through creative movement is our passion!

TESTIMONIALS

Brooke (Preschool Director) "Webby Dance is a definite benefit to our program! It provides an added value for parents and is a differentiator for our school. Parents love the convenience of quality dance in our school, and we love watching our little dancers grow. And the recitals are just adorable! I'd highly recommend Webby to enhance any program."

Ashley (Parent) "We choose Webby dance for our three daughters because the classes teach the fundamentals and instill a love for dance, while being non-competitive. Kids have enough pressures these days and we want them to just have fun and really enjoy their after school activities. We love WEBBY so much and look forward to class each week!"

OUR CLASSES

Preschool Dance - Classes begin with warm up & stretching exercises, followed by 2-3 WEBBY routines that support our weekly themes. Dancers are then guided through creative movement & dance techniques across the floor. Classes utilize various props weekly including maracas, ribbon streamers, pom poms & more! Classes end with creative movement, an action-packed activity or game!

Preschool Gymnastics - Classes introduce young gymnasts to basic tumbling & balancing skills. The gymnasts will explore different stations such as mini trampoline, balance beam, tunnel, tumbling mats, rhythmic ribbons, & more. Classes include choreographed floor routines & always end with an action-packed obstacle course, game, or parachute fun!

Preschool & Elementary Yoga - Classes introduce children to the basic yoga poses, combined with relaxation & breathing techniques. Classes use age-appropriate music, affirmation, and meditation skills. Children will benefit by building better concentration, relaxation techniques, coordination, self confidence, & imagination in a positive atmosphere.

Elementary Ballet, Jazz, & Hip-Hop - Classes introduce the fundamentals of ballet, jazz, & hip-hop. Classes build on these basic skills using individual instruction, across the floor techniques, and choreographed routines to popular age-appropriate music. Classes focus on developing improved body awareness, concentration, coordination, & self-confidence.
